GETTING STARTED · Mr_AmwalFund

From the link to a running portfolio

Install the app 1 min

1. Tap the link
2. ··· → Share → View More
3. Add to Home Screen

4 core steps 5 min

1. Create your account Google or email
2. Put OKX under our referral
3. Link your OKX account
4. Choose a portfolio and run it

Have these ready

- iPhone + Safari
- Email or Google account
- OKX account, or open one from our link
- USDT balance in your OKX account

INSTALL

1 Tap the link you received

It opens in Safari

Got the app link in a chat? Tap it once and it opens in **Safari**. If it opens inside another app, tap ··· at the top and choose **"Open in browser"**.

INSTALL

2 This is the app page in Safari

Look at the bottom of the screen

Don’t tap the start button (خلّنا نبدأ) yet: first we add the app to your screen. At the bottom there is a bar showing mr-amwal.com, and next to it, on the right, a button with **three dots** ⋯.

INSTALL

2 Tap ··· at the bottom right

Older iPhone? Tap Share ⇪ at the bottom centre

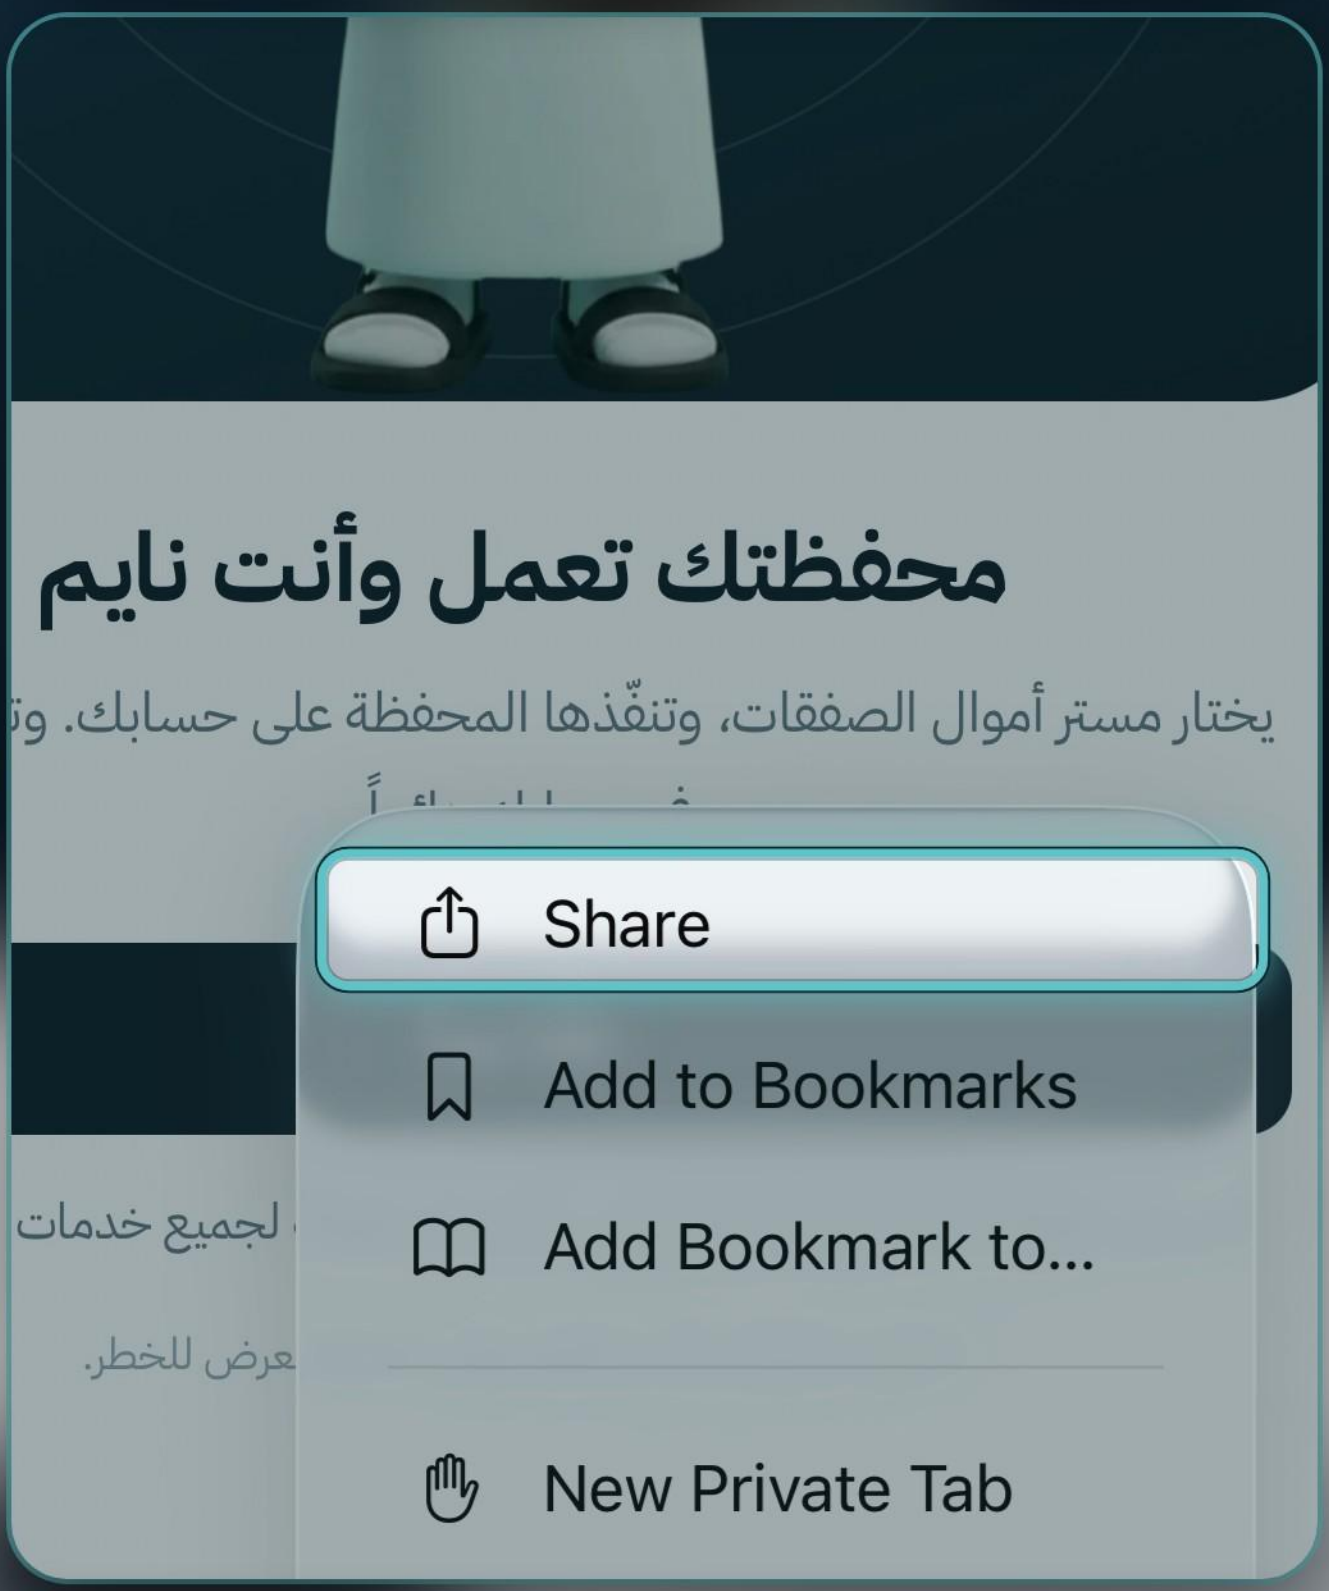

Tap the **three dots** ···. Can’t see them? Your iPhone runs an older iOS: tap the Share button ⇪ (a square with an arrow) at the bottom centre, then continue from step 4.

INSTALL

3 Choose “Share”

The first option in the menu

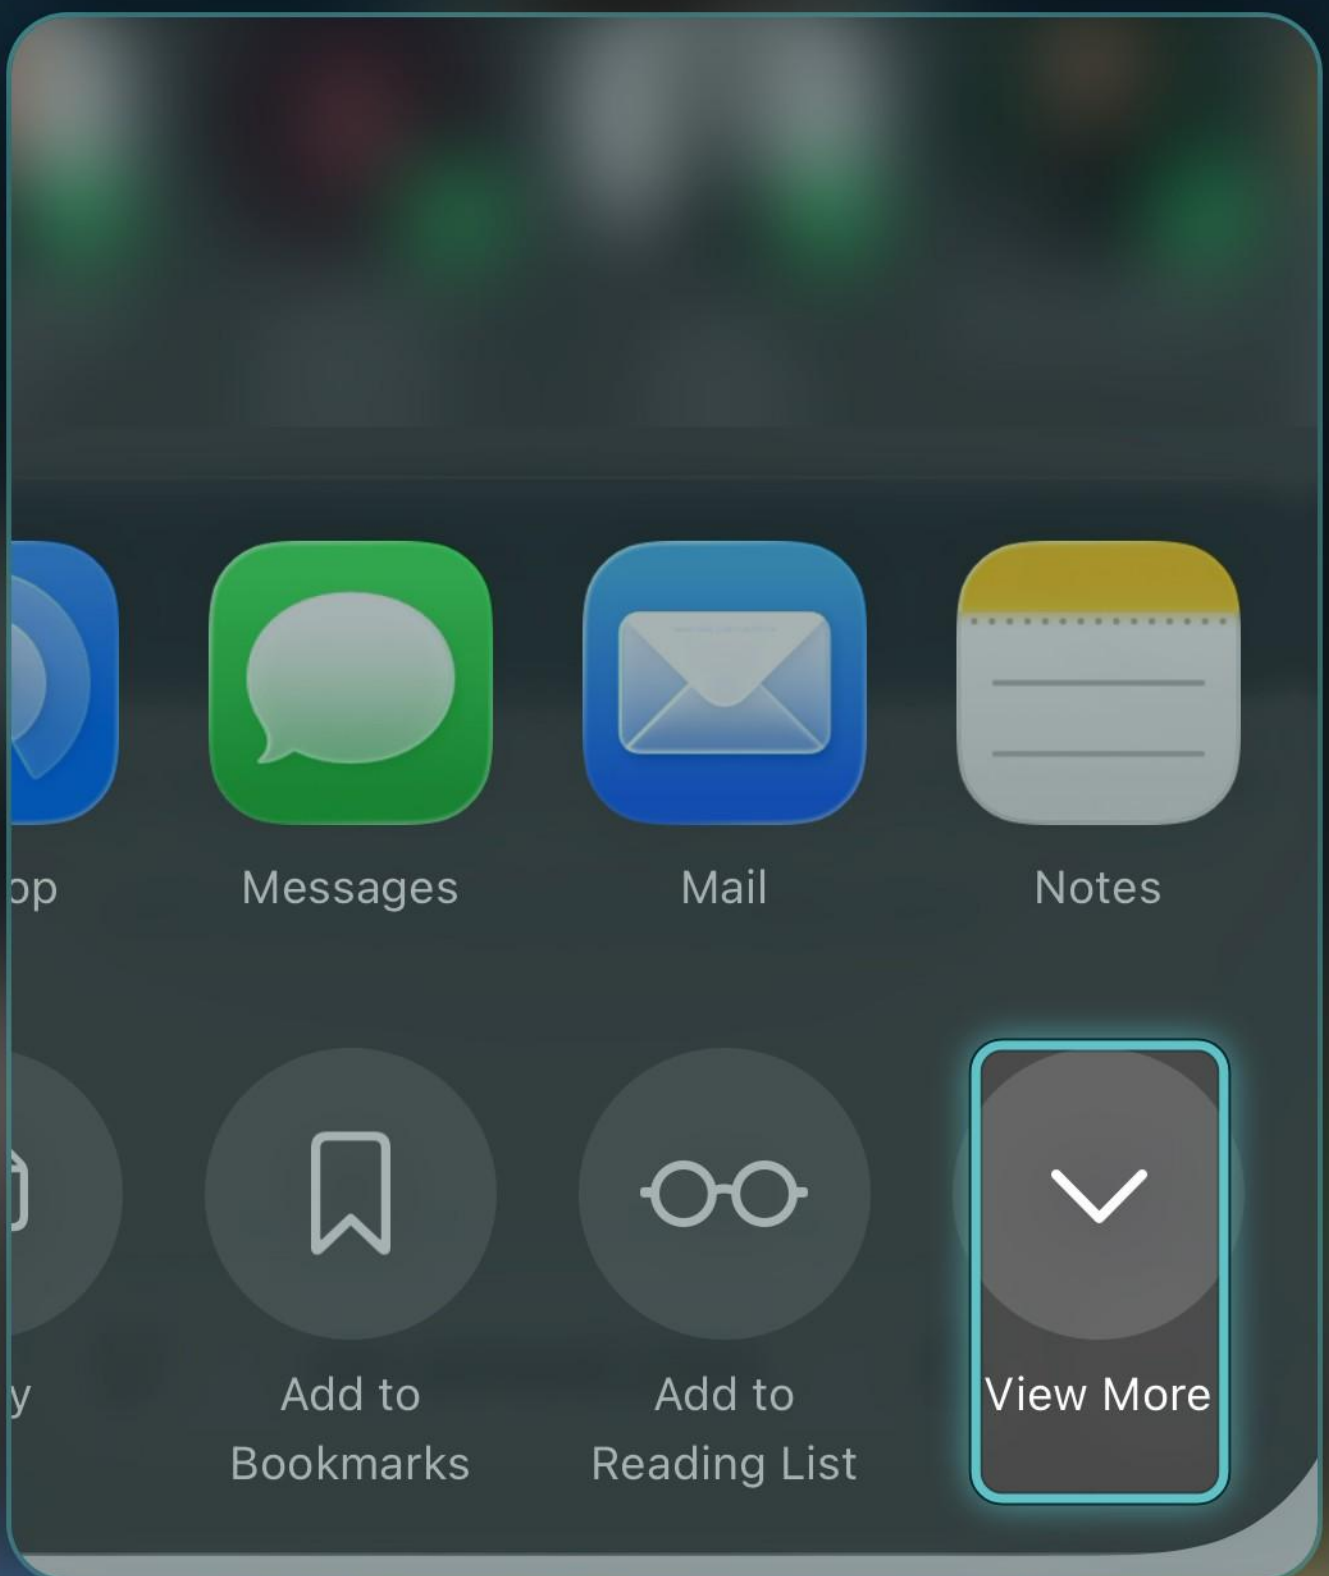

A small menu opens. The first option at the top is **Share**, with a square-and-arrow icon next to it. Tap it.

INSTALL

4 Tap “View More”

The last button in the bottom row

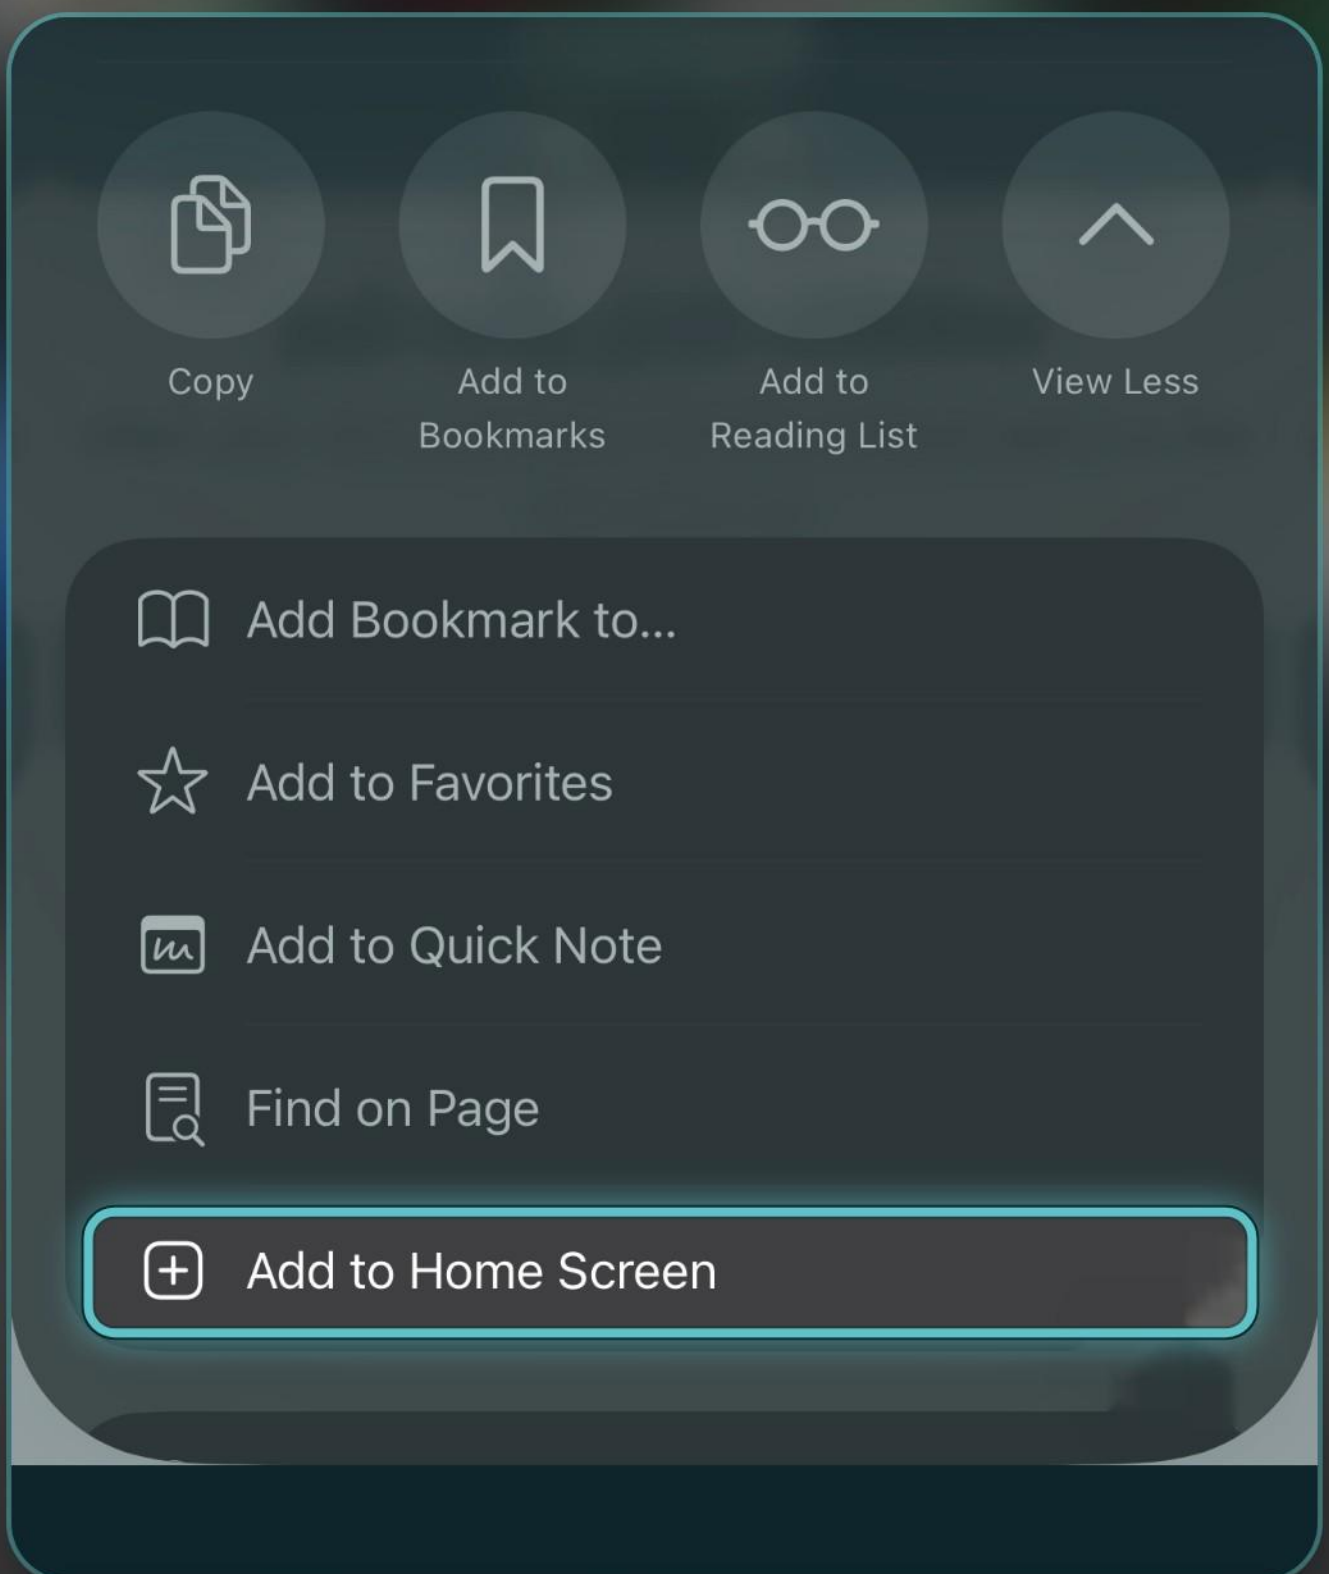

The share sheet opens. Don’t tap any contact or app in it. Go to the last row, and the last button on the right has a down arrow with **View More** under it.

INSTALL

5 Tap “Add to Home Screen”

The last option in the list

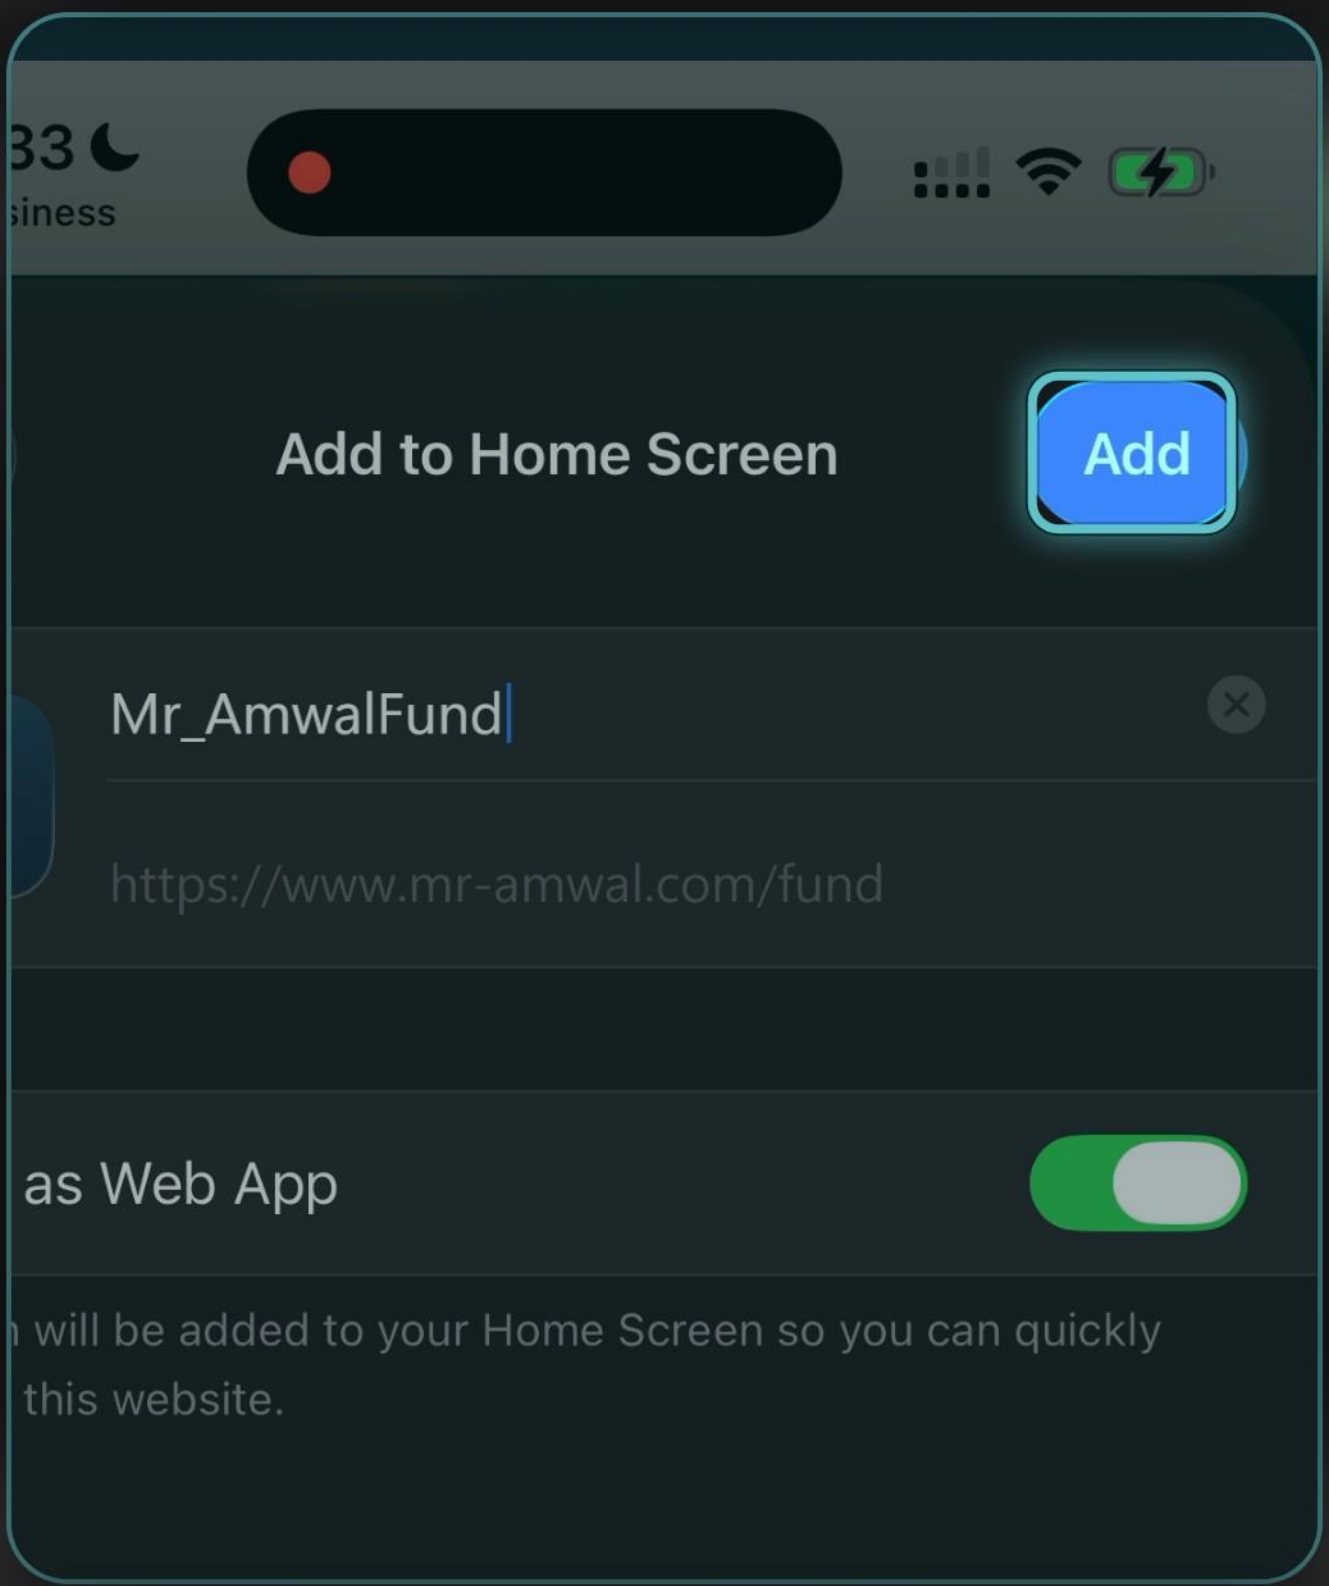

The sheet slides up and shows a longer list. The last option is **Add to Home Screen**, with a + icon next to it. Tap it.

INSTALL

6 Tap “Add” at the top right

Keep “Open as Web App” green

A page opens with the app name and link: don’t change anything. Make sure **Open as Web App** is green (it is on by default), then tap **Add**, the blue button at the top right.

INSTALL

Open the app from its icon

Always from here, not from Safari

Safari closes and the Mr Amwal icon is on your home screen. From now on, **open the app from this icon only**, so sign-in and notifications work properly.

CORE STEPS

Tap “Let’s start” (خلّنا نبدأ)

Now the four core steps

محفظتك تعمل وأنت نايم

يختار مستر أموال الصفقات، وتنفّذها المحفظة على حسابك. وتبقى أموالك في حسابك دائماً.

خلّنا نبدأ

بحساب Google أو بريدك الإلكتروني · الحساب نفسه لجميع خدمات مستر أموال

التداول ينطوي على مخاطر، ورأس المال معرض للخطر.

When you open the app from its icon, the welcome screen appears. Tap خلّنا نبدأ (Let’s start). The four core steps begin here, all inside the app.

CORE STEPS

1 Create your account

To run your portfolios for free, your OKX account must be under the **Mr Amwal referral**. There are two ways: no account? Open one from our link. Already have one? Move it to our referral.

CORE STEPS

2

No OKX account?

Tap the gold button · the referral is applied automatically

Tap the gold button افتح حسابك من رابطنا (Open your account from our link). OKX sign-up opens with the referral applied. Register with your email or phone, verify your identity (KYC), then come back to the app from its icon.

CORE STEPS

2 Already have an OKX account?

Tap “Move my account” (انقل حسابي)

Already have an OKX account? Tap انقل حسابي (Move my account). You don’t need to type any number: the app fetches your account details itself.

CORE STEPS

2 Tap “Move my account now”

Your account ID is filled in · done within 24 hours

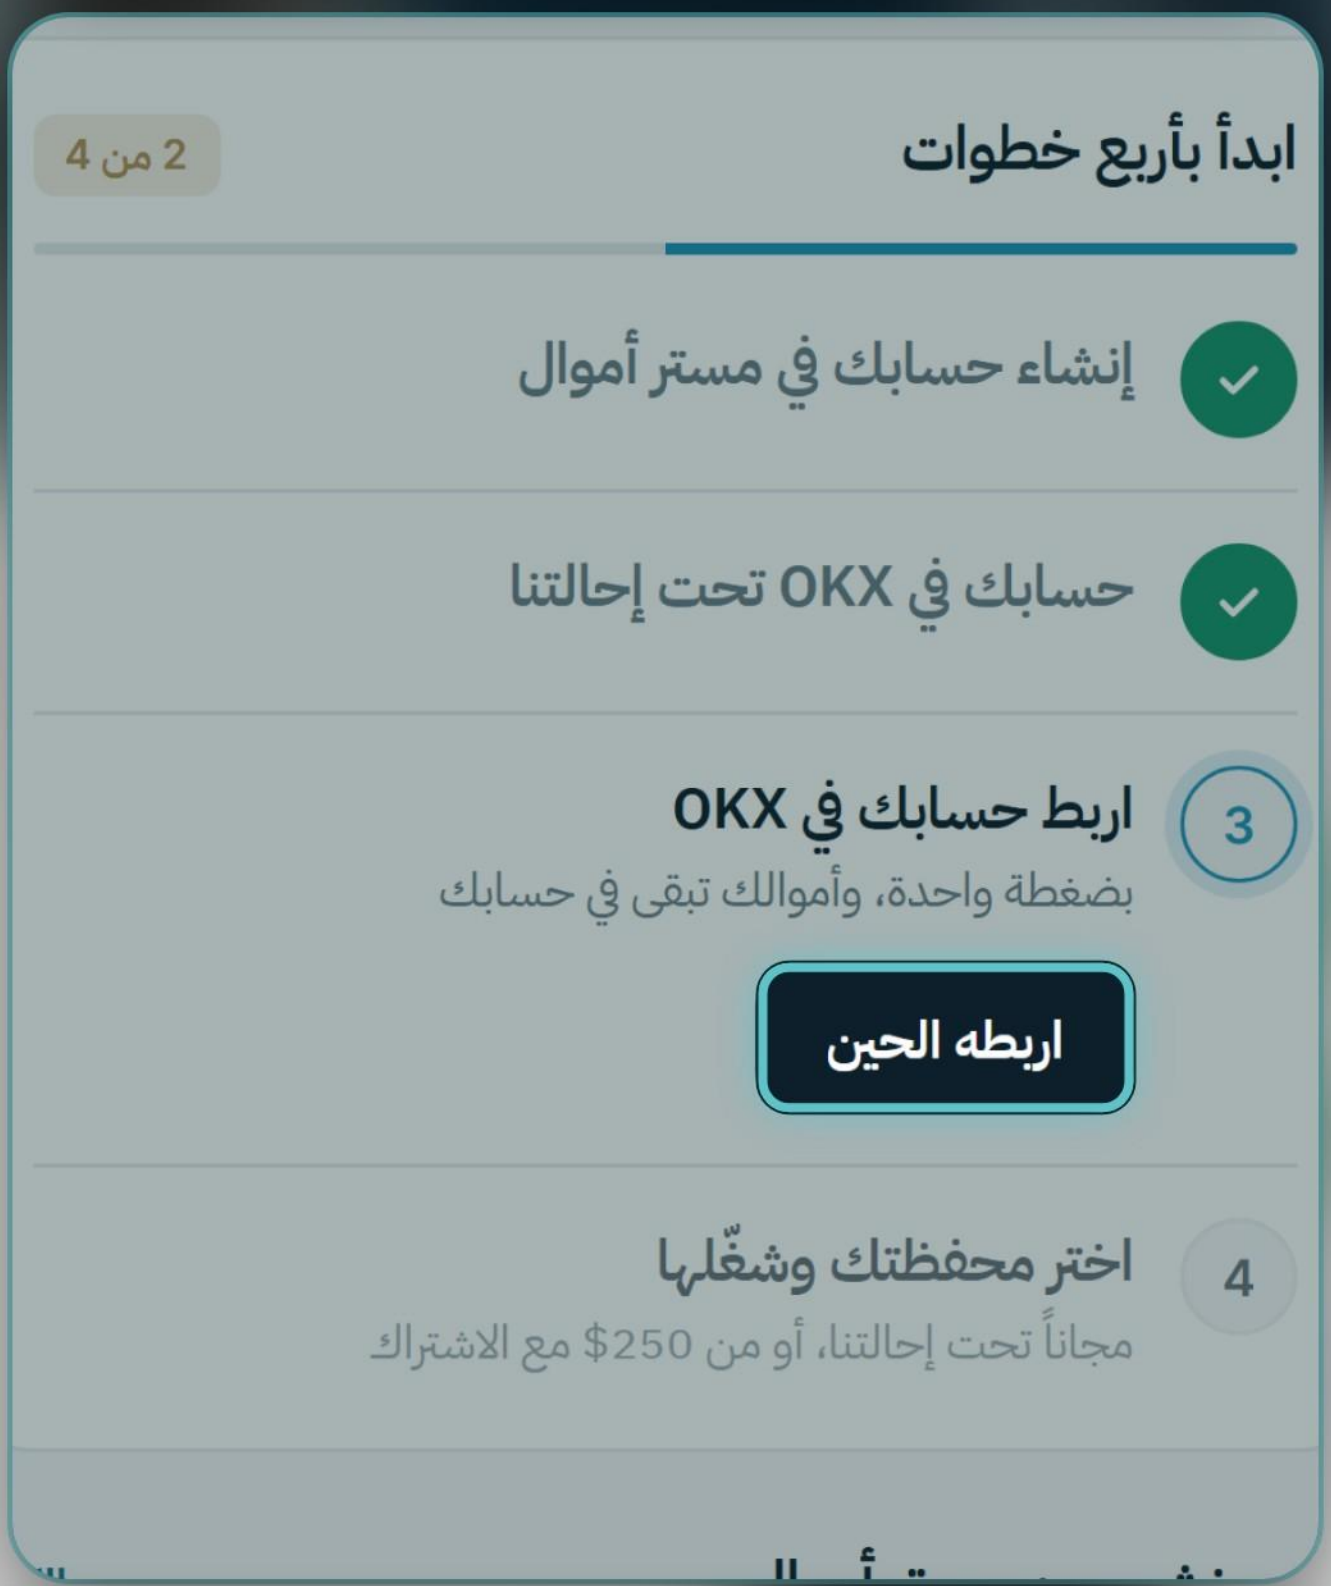

Tap انقل حسابي الحين (Move my account now). Your account moves to our referral **within 24 hours**, and you get a notification when it’s done. Your funds and trades don’t change, only the referral.

CORE STEPS

3 Link your OKX account

Tap “Link it now” (اربطه الحين)

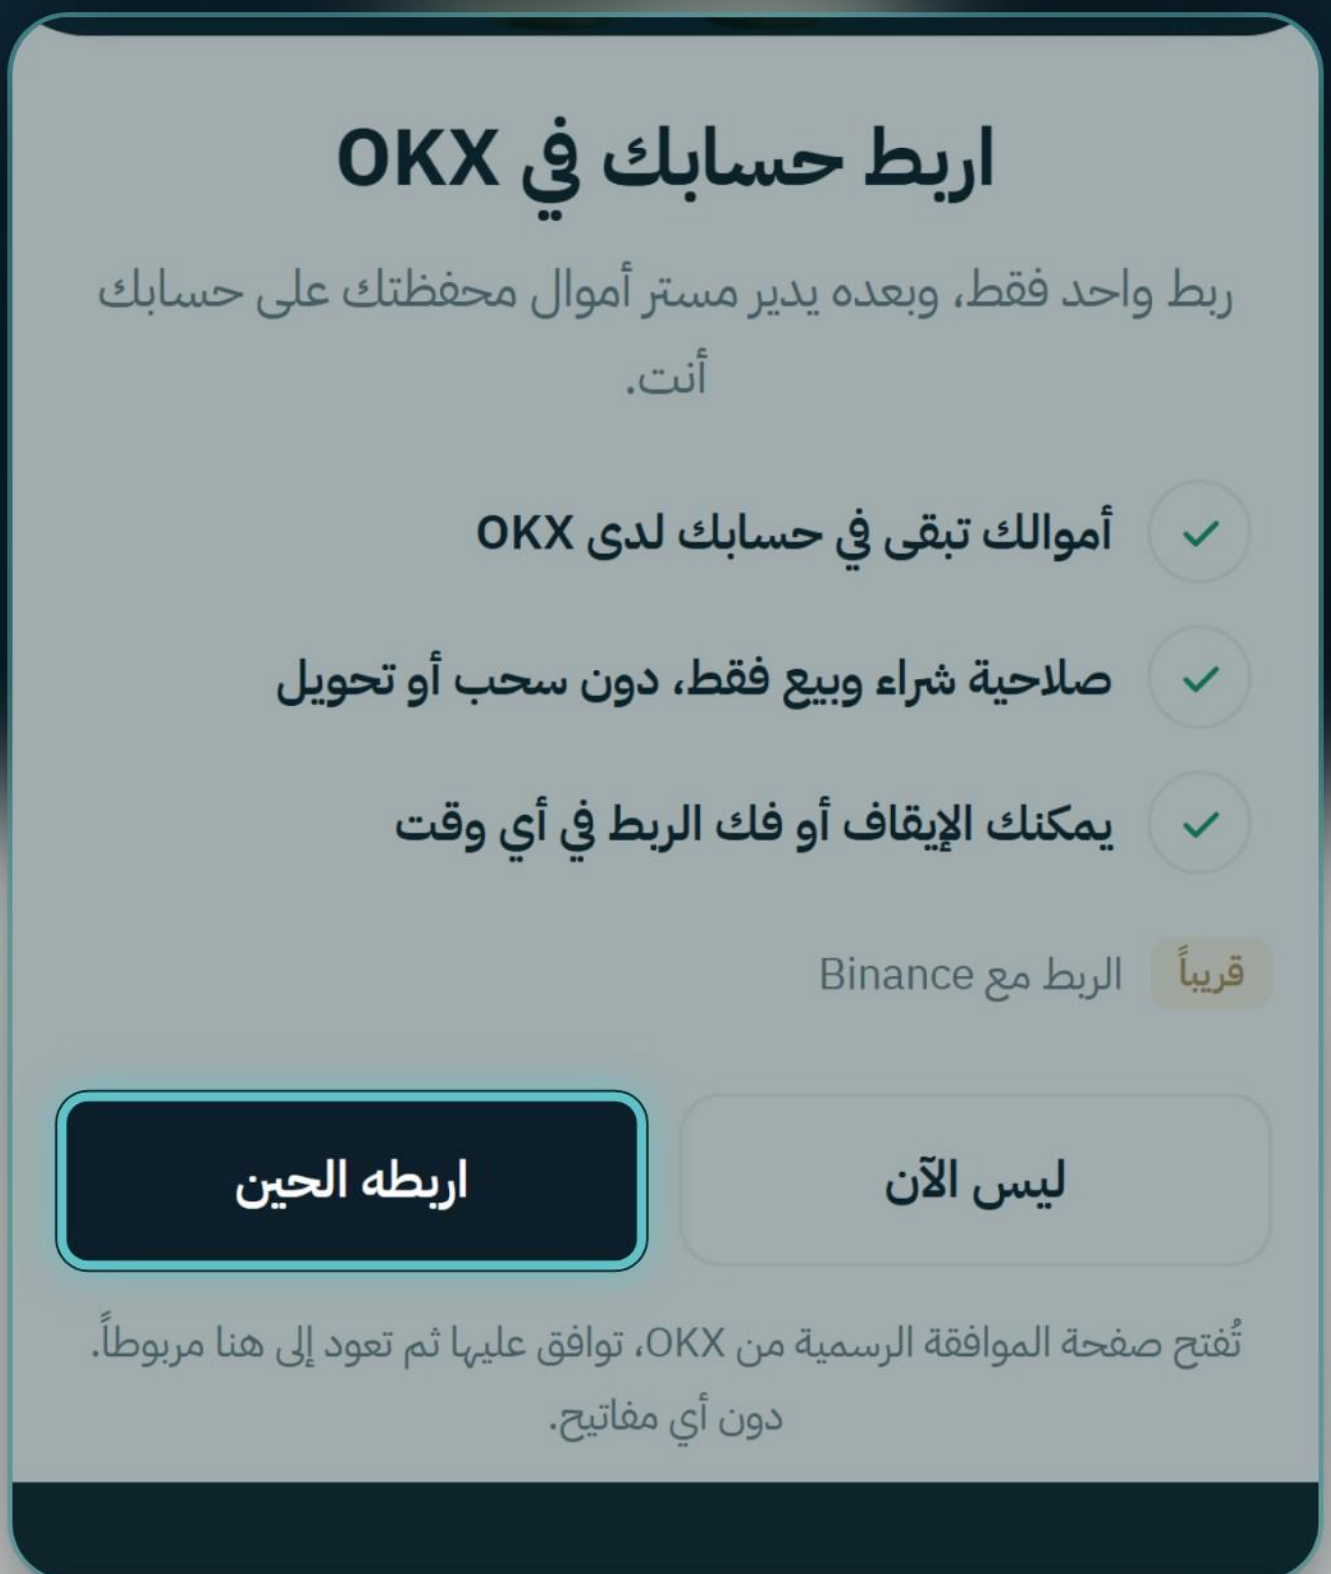

Once step 2 shows ✓, tap اربطه الحين (Link it now). The link allows trading only, with no withdrawals or transfers, and your funds stay in your OKX account.

CORE STEPS

3

Tap “Link it now”

The official OKX page opens: approve and come back

Tap اربطه الحين (Link it now). The official OKX page opens: sign in there and approve, and you return to the app automatically. No keys or codes needed.

CORE STEPS

تعمل المحفظة دون اشتراك شهري.

تعمل على حسابك في OKX · مربوط

Pick a share of your balance or type the amount in dollars. It must be in your OKX account in **USDT**. Then tap كمّل (Continue).

CORE STEPS

4 Review and tap “Run it now”

After accepting the risk notice

الاشتراك الشهري — لا يوجد · المبلغ أعلى من $5,000

أدرك أن التداول ينطوي على مخاطر وقد أخسر جزءاً من المبلغ، وأن الأداء السابق لا يضمن النتائج المستقبلية.

يمكنك إيقاف المحفظة أو تعديل المبلغ في أي وقت من الرئيسية.

شغّلها الحين ▶

Review the portfolio, amount and account. Tick the **risk notice** box and tap شغّلها الحين (Run it now). You can pause it or change the amount at any time.

CORE STEPS

Your portfolio is running

Tap “Take me home”

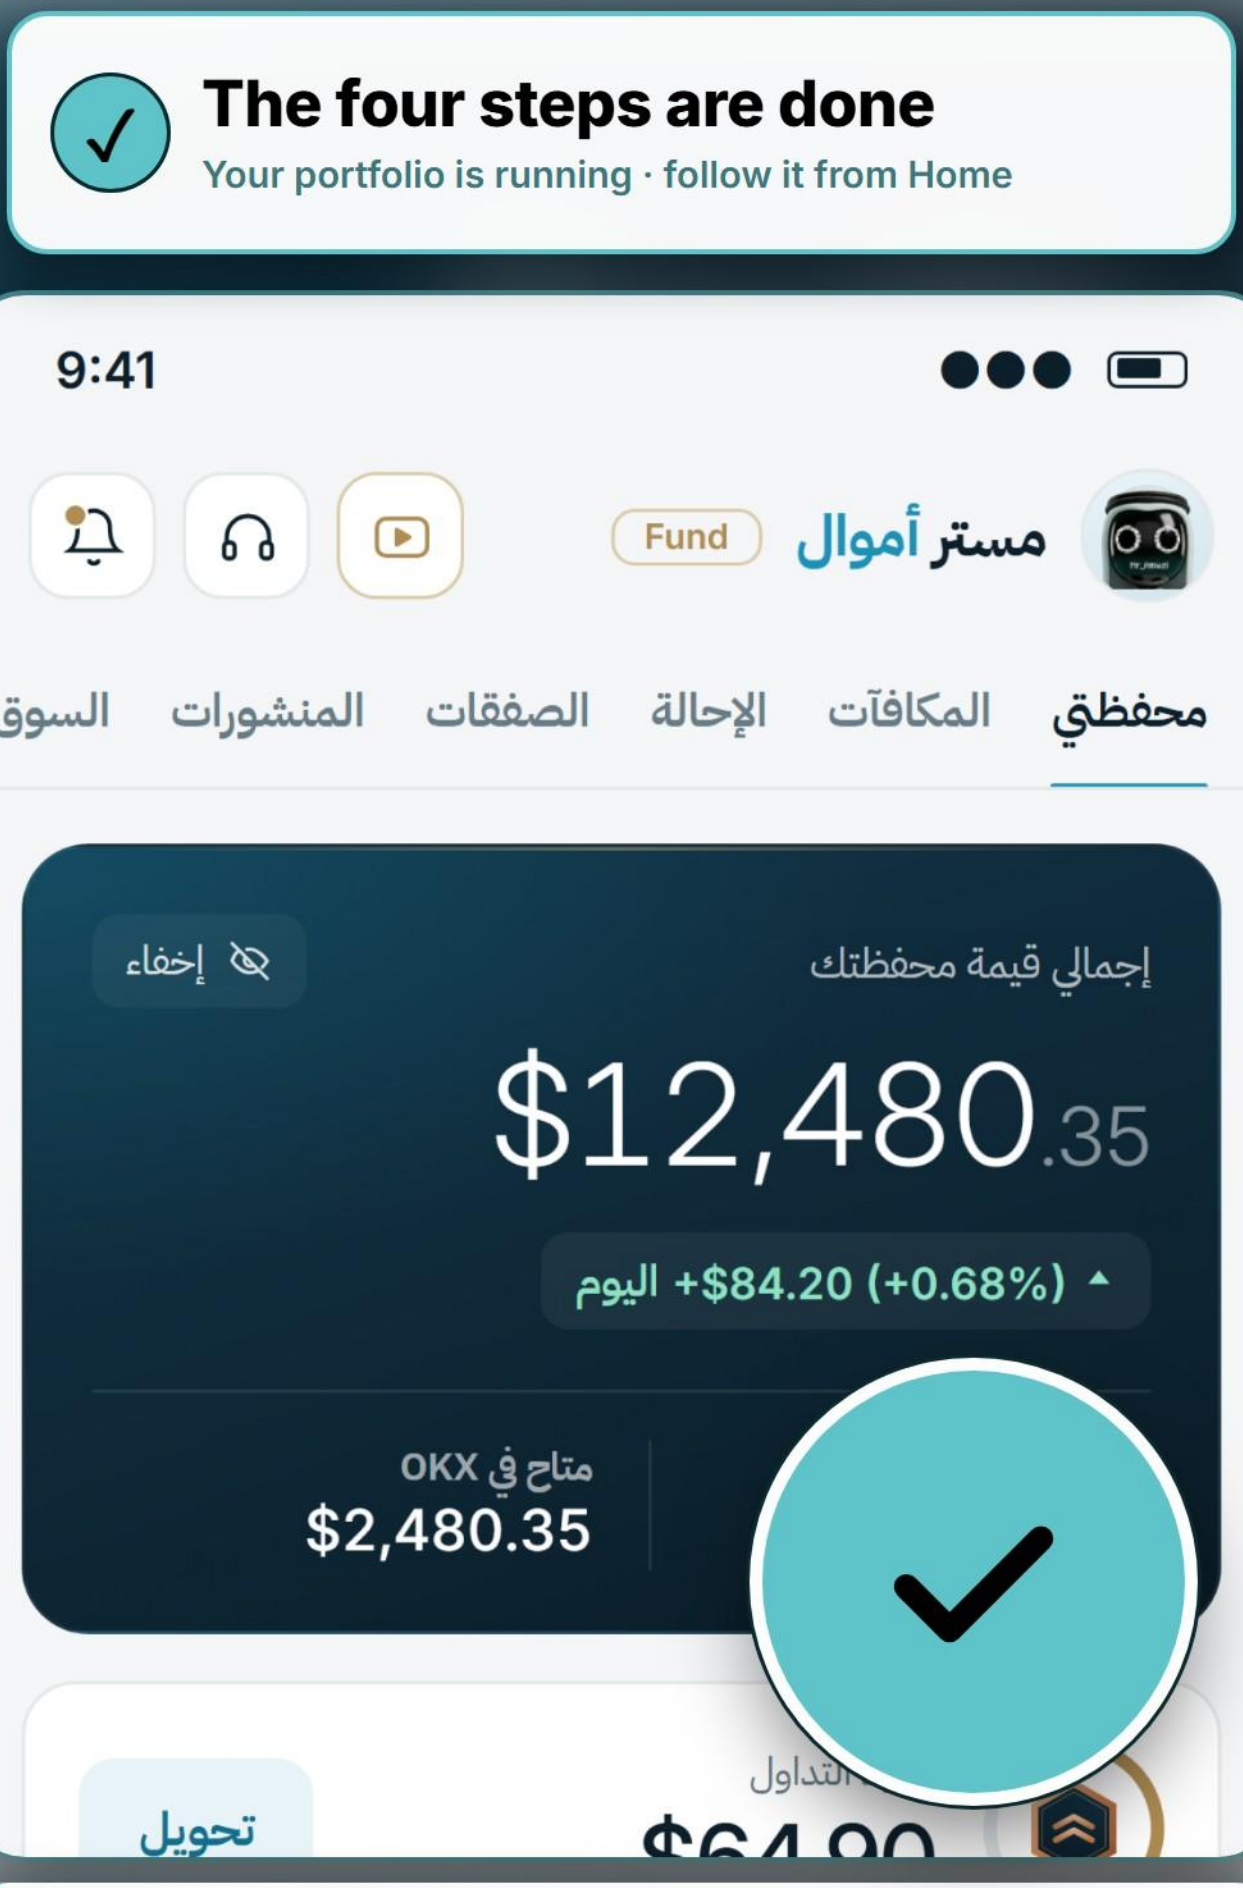

المبلغ المُدار	$6,240.00
الحساب	OKX
أول تقرير	الأحد 10:00 بتوقيت مكة

ماذا بعد؟

1. تدخل المحفظة الصفقات تلقائياً عندما يصدر مستر أموال توصية ويبلغ السعر منطقة الدخول.
2. تتابع كل صفقة في «سجل الصفقات»، ويمكنك الإيقاف في أي وقت.

خذني للرئيسية

Your portfolio now runs on your OKX account, with no further steps. Tap خذني للرئيسية (Take me home).

From Home you follow your portfolio’s value and returns, and you get a notification for every trade. Stuck on anything? Tap the **headset icon** at the top and our team replies within minutes.

Stuck on a step?

The most common issues, and how to fix them

Can’t find “Add to Home Screen”

The link is open inside Instagram or Telegram. Tap ··· at the top → “Open in browser”, or copy the link and paste it into Safari.

Opened the link in Chrome on iPhone

On iPhone it must be Safari. Long-press the link, choose “Copy”, then paste it into Safari.

There’s no ··· at the bottom

Your iPhone runs an older iOS: tap Share ⇪ at the bottom centre and scroll to “Add to Home Screen”.

It asked me to sign in again

That’s normal. The app on your home screen is separate from Safari, so you sign in once inside it and it remembers you.

I don’t get notifications

Open the app from its icon → Settings → turn on notifications → Allow.
